

Marcela Postelnicu – Researcher in Economy

Marcela Postelnicu is an expert in economic and social statistics within the National Institute of Statistics. She graduated from the Bucharest University of Economic Studies, Faculty of Finance and Accounting. She participated in the elaboration of studies regarding economic statistics, in workshops organized by the statistical institutes of Germany, France, Czech Republic, Italy, EUROSTAT and in national and international conferences. Her research activity was highlighted by the publication of articles in the Romanian Journal of Statistics and the publication of two books as a co-author (Romanian UNFPA, Romanian Academy Publishing House).
